In regard to the positi... of the Democrat, that President Pierce had no power to interfere for the prevention of the fiendish outrages in Kansas, we do not agree ... that view of the case. Kansas had then no ... supplemental effective government, not any org... anized military force with which to defend itself against armed invasion. The election was held under a law of the United States, and although that law gave the Governor of Kansas power to call out the militia to suppress insurrection or repel invasion, there was no militia in existence to call out. The government was inchoate; and we hold that until fully organized, that President could and should have rendered the aid of the United States, especially for the due and legal execution of the territorial act, which was a law of the United States.

FIRE IN KENNEBUNK.—The barn of Capt. Jo... Goodwin in Monmouth, was destroyed by fire on Saturday night last, together with 30 tons of hay, 7 cows, 2 valuable horses, 10 sheep and 2 hogs. The barn was 100 feet long by 36 wide. Loss $2000; insurance $1400. The house and other buildings were saved by great exertions of the neighbors. One young lady, recently married, went to the fire, a distance of a quarter of a mile, with bare feet, and worked thus without shrinking. The fire made a splendid illumination.

NEW PRINCIPAL FOR CHARLESTOWN FE... MALE SEMINARY.—We learn that Miss Hannah E. Bradbury, of Bangor, Me., has accepted an invitation from the managers of Charlestown Female Seminary to become the Principal of that institution. She has been for many years a very successful teacher in some of the higher schools in Bangor and Saco. She has been known as a writer and literary correspondent for some of our first class periodicals, and is a lady of superior intellectual abilities. Charlestown Seminary has always been deservedly popular, and has been favored with some of the best teachers in the country, and we congratulate the managers in their success in securing a Principal possessing so many desirable qualifications for so important a position. The new term will commence December 18th. *Boston Telegraph.*

It is said that Dr. Charles W. Moore, Jr. of Boston, has been offered the appointment of surgeon, in the Russian Army, with a salary of $4000 per annum.

Bangor, Nov. 30, 1855.

MR. EDITOR:—I have just been looking over the catalogue of the "Odd Fellows' Library, Oldtown" which you have recently published.

The library now numbers 633 volumes, and with two or three exceptions, is a very choice collection, consisting of history, biography, travels, essays, novels and miscellaneous works. Among the histories, are to be found those from the pens of Bancroft, Hildreth, Prescott, Hume, Macaulay, &c. The works of fiction are confined mostly to choice and approved authors, such as Scott, Cooper, Irving, Miss Acaster, &c.

Much credit is due to the owners of the library, for their public and disinterested spirit in getting it up. One rule of the Association is, that all the net proceeds shall be expended in making additions to the library—not even retaining the interest upon the capital invested.

The Library was established in Sept. 1850, and at that time consisted of 360 vols.—showing an increase in five years of 173 vols., entirely from the income of the library, after paying all expenses—that is an increase of near fifty per cent. in five years and shows that the public have well patronized it.

THE KANSAS QUESTION.—The Washington correspondent of the Baltimore Sun thinks the danger of a collision between the federal government and the free State government of Kansas is imminent. He continues—

"The free State Convention have adopted a constitution which is to be approved by the anti-slavery voters on the 15th of December, and put in operation in January. The laws of the new State will, of course, come in conflict with those of the territorial government, and Gov. Shannon has stated that he is authorized by the President to call upon the militia, and also the United States troops, for the maintenance of the laws of the territorial government. We were never before quite so near a civil war as we are under this state of things. The militia to be called out will, of course, be the Missouri men—the very men who have undertaken the task of making Kansas a slave holding State. I learn that Mr. Pomeroy, who is a prominent candidate in competition with Col. Lane for the United States senatorship, is to be the military leader of the free State troops in the case of a war. The Kansas constitutional convention have adopted the example of Calhoun, and propose to create a State government, whether Congress shall admit it into the Union as a State or not.

MONETARY AFFAIRS.—*Boston, Monday,* Dec. 4.—The Bank developments of the last fortnight have had a very unfortunate influence on the money market, and to some extent also have had an effect in New York. Just as the tide began to turn in the right direction, the Mechanics' Bank gave evidence of weakness, and called upon its neighbors for assistance; hence came the disappearance of Mr. Kidder, with rumors of suicide, defalcation and what not—The excitement occasioned by these events had hardly begun to subside before the Grocers' Bank was served with an injunction, and the whole street was in a fever again. People now appear to be intensely occupied in discussing these alarming occurrences, and every one is on the *qui vive* to obtain the latest news. A business man manages to keep posted up until evening, but rises betimes in the morning, hurries down his breakfast, rushes into State street and fearful that some new disaster may have occurred during the night, salutes the very first acquaintance that he meets with the very pertinent inquiry of "where are we now?" He has hope, however that our troubles in this way have reached their *maximum*.

A special meeting of the stockholders of the Grocers' Bank will be held in the Tremont Bank building on the 10th inst., to take into consideration the State of that institution, and to adopt such measures as may appear for the best interests of the shareholders. It is stated by many who have good means of information, that the Bank will not suffer much loss in consequence of an over-issue of bills; but at all events it is clear that if the assets of the Bank are of very fair character, as stated repeatedly by the Bank Commissioners and by several of our Bank Presidents who have examined the loan, the stockholders could bear two or three times the loss of the entire amount stated and still have their stock worth fifty cents on the dollar, after paying every liability.

Rates of discount are maintained at from 10 to 12 per cent. for very prime paper. For second class names the market is very hard at from 15 to 18, and on call as from 12 to 15. At close on Saturday the indications were a little more favorable.—*Boston Journal.*

ILL TREATMENT OF CHINESE.—The Chinese have been so badly treated that they are leaving by hundreds, and we are thus losing a class of industrious people, who will not be likely to return, as the $50 head tax renders it almost impossible for them to do so. They are robbed with impunity, and the vertex blackguard that walks the streets can knock down and rob a Chinaman without fear of molestation, as their evidence is not taken in Court; and "up country," it is a regular branch of business to collect foreign miners' tax of every Chinaman they meet. When a rowdy gets out of money, he supplies himself by that process, or else walks into their rents and helps himself. The least resistance on the part of the Chinamen, and they are shot down like dogs. The most mistaken and short-sighted policy has been pursued by the Legislature, and an effort made to drive from the country a class of inoffensive people, who are content to toil and labor in places that have been worked over and abandoned by our own people—who are consumers, (a class we have too few of now,) and in every way an advantage to the country; but the officials and understrappers, taking the cue from their superiors, exclaim, "D—— the Chinaman!" The loafers, knowing that they will not be punished, rob them, and the poor Chinamen are getting tired of it, and say, "What for live in California? Shoot a white man, he come along and he say, here, you d—— Chinaman, give me dis. S'pose I no give, he knock down or shoot Chinaman—no can help." There is at the present time over *two millions of dollars* capital invested in the trade between here and China by Chinamen themselves. These are several Chinamen here, that use over $500,000 in their business.—*California Exchange.*

HOUSEBREAKING.—On Saturday night last, some one attempted to break into the house of Mrs. Chase, in Topsham. They broke a pane of glass and then endeavored to unfasten the sash, when Mrs. C. who was in the room demanded who was there, and ordered them to go away or she would call for help. She was answered that there was no help near, and threatened with death if she did not keep still. She ran up stairs and raising a window attempted for help, but failing to arouse any one, she raised the cry of murder, when the villians decamped.

The clerks in the telegraph office at Berlin are to be locked up during the time of business, and for two or three hours afterwards, so that they may not be able to betray the secrets of customers. This precaution has been found indispensable.

AN AWFUL INDIAN TRAGEDY.—A Kansas correspondent of the St. Louis Democrat, in commenting upon the protracted strife between the Iowa and Pawnee Indians, recounts the following horrible incident:—

"Six years ago—in the fall of 1840—three white persons, two gentlemen and a lady, who had been residing near old Fort Kearney and had there attached themselves to a beautiful Pawnee girl, of some sixteen summers, set out for their home in Kentucky, taking the young Pawnee maiden with them. They had nearly reached St. Joseph when they met a band of Iowas. The Iowas asked for the Pawnee girl. She was refused to them. She was on a horse behind one of the gentlemen. Several warriors approached and seized her long tresses, and threw her backwards to the earth. She screamed for help. A young brave who seemed to have authority, approached. She threw herself upon on her knees before him, and implored for mercy. He deliberately leavelled his rifle and shot her through the heart. He then severed her head from her body and stuck it upon the top of a pole, and had a war dance around it. They then quartered her body, and each warrior of the band bearing a part of it, marched after their chief who bore her head aloft upon the pole, to their nearest village, where they had a great feast.

"In the meanwhile the whites hastened to this place and gave information of these diabolical proceedings to Col. A. S. Vaughan, who was then Indian Agent here. He immediately mounted his horse and rode for Fort Leavenworth, got a detachment of dragoons, hastened back and surprised them in their feast. He arrested those who were concerned in her capture and death, and had them imprisoned at Fort Leavenworth, where they remained only several months and were released without prosecution of any kind.—The head and limbs of the hapless girl were put together in a coffin and decently interred.

"When the news reached the Pawnees they made an incursion into the country of the Iowas, and stole many of their horses.

"White Cloud, then the head chief of the Iowas, took a band of warriors down among the pawnees, and destroyed one of their villages—killing even the women and children. In this encounter his right eye was pierced and destroyed by an arrow aimed by a boy but ten years old. In the next instant the unerring tomahawk was buried in the cleft skull of the brave child, and the battle ended. All, old and young, male and female, were indiscriminately butchered.

"Col. Vaughan made a report of it to the Government, and was instructed forthwith to depose White Cloud, and have another chief elected in his place.

The Piscataquis Observer complains of losing subscribers on account of the change made in the location of the Abbot Post Office. The cause of its loss more likely is that people are not disposed to patronise a fusion paper that professes to be neutral in politics.—*Bangor Democrat, Nov. 20th.*

We have endeavored, and believed we have ever been strictly neutral in politics. Fanatical office holders, whose chance of continuing in office depends upon the success of their party, are constantly watching with painful anxiety everything that transpires in the political world, and are quite too able to imagine and as well as opposition where none exists.

The last political contest in this State was an exceedingly exciting one, conducted by the republican party on one side, and by the fusion party (i. e. the straight whigs and democrats) on the other side. Our paper is not political, and we refrain so far as we can from expressing any opinion as to political parties, but when so grave a charge is brought against us as the above, we deem it justice to ourselves to contradict it. We cannot support the fusion party, go for repealing time honored compromises, and unite with the Democrats in exulting over the election of Johnson as Governor of Georgia, who in his message declares for disunion unless Kansas can be admitted as a slave state. Should we do this, our friend might very reasonably infer we should lose subscribers, as has the Democrat in some localities. But we, though not the advocate of any political party, are personally in favor of the Union, the Constitution and the compromises under it.—*Observer.*

UTAH TO BE A SLAVE STATE.—I met a prominent citizen of Salt Lake City when at Weston. His name is Williams. He is the principal merchant of the Latter Day Saints, and also, I believe, one of the twelve unholy apostles. I inferred from his conversation that the name of his Deity is Gum. He asseverated by Gum. When he wished to be solemnly emphatic he declared "My Gum!" and then would make his statement. I am inclined to believe that the Gum he invoked is Gum Arabic. But I will refer to this curious problem on another occasion.

I heard him say that when Utah applied for admission into the Union, she would seek to be enrolled as a slave State. He said that he owned a slave; that all the apostles did; and that polygamist, Brigham Young, owns several negroes. This statement, although at variance with previous accounts from Utah, is undoubtedly true. I submit it as a text for politics essays and Buncombe speeches.

He told me that the accounts of famine in Utah had been enormously exaggerated; and that there is corn enough in their Egypt yet for two years to come.—*Kansas Correspondent of St. Louis Democrat.*

In Scitico, Can., on Thursday, as James Murphy was driving a two-horse wagon, loaded with twenty-seven barrels of powder from the Hazardville mills, through a deep cut in the highway, the wind blowing a gale, the sand and gravel getting into the wagon and mixing with grains of powder, the friction and grinding of the two together ignited the powder and caused an explosion that blew the driver and horses and wagon to atoms, lodging portions of the flesh of man and beast in the trees and adjoining fields. The shock unroofed the powder mill near by, and completely shattered the walls of a boarding house adjoining the mill, in which was a little girl, who received more than forty injuries in the face from the flying splinters, glass, and plaster.

CURIOUS ELOPEMENT.—The Chicago Democrat, of Tuesday, says that a woman arrived in that place a few days previous, with the dead body of her husband, which she was taking east for burial. On the route she fell in with a young man, and on the arrival of the cars at Chicago, they went off together leaving the dead body of the husband in the depot where it has remained ever since.

FIRE.—The house of Joseph Chase, in the lower part of Phipsburg, was entirely consumed together with most of its contents on Friday last. No insurance.

There are those who persist in charging upon the Republican Party a desire to interfere with Slavery in the States. This objection is urged by many who know better, and they urge it, because, if true, it would be a valid objection to any party.

There is not a Republican in the land who proposes anything so impracticable. The States are sovereign, and have the sole and exclusive jurisdiction of their domestic affairs. This doctrine has always been maintained by all Northern men who are at all prominent identified with the Freedom movement. To maintain a different doctrine would justly subject them to the charge of "fanaticism," now falsely charged upon them. The Republican party seeks to do no more than was done by the founders of the Republic—prevent Slavery from the Territories, and secure to posterity a Free Republic.—*Albany Journal.*

LOOK OUT FOR ROGUES.—Within the last eight days, eight stores and shops have been broken into and robbed in this city, as follows—the stores of F. M. Sabine, F. E. & G. Elder and Albert Megerson on Exchange street. The latter says his loss is about $250. Also the store of Cotton Mills near the Toll House, of——Miller on French street, and of Thomas Bean, in Barker's alley, also the shops of Mr. Grayes, gunsmith, near the Custom House, and Wilson's Confectioner shop on Harlow street. The loss in each of these, excepting Megerson's is not supposed to exceed from $10 to $20.

We understand, also, that the store house of the steamer Boston was broken into on Saturday night and robbed of about $12 in change and a keg of lights.—*Journal.*

A WOMAN SWIMMING THE MISSISSIPPI.—Lloyd's forthcoming Steamboat Directory gives a thrilling instance of the importance to women of knowing to swim. When the ill-fated Ben Sherrod was in flames on the Mississippi river, and the lady passengers who had thrown themselves into the water were drowning around the boat, the wife of Capt. Case, even jumped into the river, with her infant in her arms, and swam ashore, a distance of half a mile, being the only woman saved out of sixteen. She had learned to swim when a girl.

The Free Press thinks the accounts of the landing of the Plymouth Pilgrims is precisely like the Squatter Sovereignty doings in Kansas. Yes, Carver and Bradstreet were doubtless the prototypes of Atchison and Stringfellow! Hasn't the Free Press got about ready to assert that the Nebraska bill was originally a part of the New Testament, but was accidentally left out by the first binder?—*Portland Adv.*

Found Dead.

There is a certain indescribable pathos in the following lines which remind the reader of Hood's "Bridge of Sighs," though there is nothing in common between the two poems, save a sobering sadness, and a breathing of the human. "Found Dead," is from the pen of Mr. Albert Lairgton, whose poems we noticed at some length last summer.

Found dead—dead and alone;
There was nobody near, nobody near
When the outcast died on his pillow of stone—
No mother, no brother, no sister dear,
Not a friendly voice to soothe or cheer,
Not a watching eye, not a pitying tear,
Found dead—dead and alone
In the roofless street, on a pillow of stone.

Many a weary day went by,
While wretched and weary he begged for bread,
Tired of life and longing to lie
Peacefully down with the silent dead.
Hunger and cold and scorn and pain,
Had wasted his form and seared his brain,
Till at length, on a bed of frozen ground,
With a pillow of stone, was the outcast found.

Found dead—dead and alone
On a pillow of stone in the roofless street—
Nobody heard his last faint moan,
Or knew when his sad heart ceased to beat.
No mourner lingered with tears and sighs,
But the stars looked down with loving eyes,
And the chill winds passed with a wailing sound
O'er the lonely spot where his form was found.

Found dead—yet not alone
There was somebody near, somebody near
To claim the wanderer as his own,
And find a home for the homeless here!
One, when every human door
Is closed to his children, scorned and poor,
Who opens the Heavenly portal wide,
Ah! God was near when the outcast died.

There is not a Republican in the land who proposes anything so impracticable. The States are sovereign, and have the sole and exclusive jurisdiction of their domestic affairs. This doctrine has always been maintained by all Northern men who are at all prominent identified with the Freedom movement. To maintain a different doctrine would justly subject them to the charge of "fanaticism," now falsely charged upon them. The Republican party seeks to do no more than was done by the founders of the Republic—prevent Slavery from the Territories, and secure to posterity a Free Republic.—*Albany Journal.*

LOOK OUT FOR ROGUES.—Within the last eight days, eight stores and shops have been broken into and robbed in this city, as follows—the stores of F. M. Sabine, F. E. & G. Elder and Albert Megerson on Exchange street. The latter says his loss is about $250. Also the store of Cotton Mills near the Toll House, of——Miller on French street, and of Thomas Bean, in Barker's alley, also the shops of Mr. Grayes, gunsmith, near the Custom House, and Wilson's Confectioner shop on Harlow street. The loss in each of these, excepting Megerson's is not supposed to exceed from $10 to $20.

We understand, also, that the store house of the steamer Boston was broken into on Saturday night and robbed of about $12 in change and a keg of lights.—*Journal.*

A WOMAN SWIMMING THE MISSISSIPPI.—Lloyd's forthcoming Steamboat Directory gives a thrilling instance of the importance to women of knowing to swim. When the ill-fated Ben Sherrod was in flames on the Mississippi river, and the lady passengers who had thrown themselves into the water were drowning around the boat, the wife of Capt. Case, even jumped into the river, with her infant in her arms, and swam ashore, a distance of half a mile, being the only woman saved out of sixteen. She had learned to swim when a girl.

The Free Press thinks the accounts of the landing of the Plymouth Pilgrims is precisely like the Squatter Sovereignty doings in Kansas. Yes, Carver and Bradstreet were doubtless the prototypes of Atchison and Stringfellow! Hasn't the Free Press got about ready to assert that the Nebraska bill was originally a part of the New Testament, but was accidentally left out by the first binder?—*Portland Adv.*

A genius has just invented a stove that saves three-quarters of the wood, while the ashes it makes pay for the remainder.

Found Dead.

There is a certain indescribable pathos in the following lines which remind the reader of Hood's "Bridge of Sighs," though there is nothing in common between the two poems, save a sobering sadness, and a breathing of the human. "Found Dead," is from the pen of Mr. Albert Lairgton, whose poems we noticed at some length last summer.

Found dead—dead and alone;
There was nobody near, nobody near
When the outcast died on his pillow of stone—
No mother, no brother, no sister dear,
Not a friendly voice to soothe or cheer,
Not a watching eye, not a pitying tear,
Found dead—dead and alone
In the roofless street, on a pillow of stone.

Many a weary day went by,
While wretched and weary he begged for bread,
Tired of life and longing to lie
Peacefully down with the silent dead.
Hunger and cold and scorn and pain,
Had wasted his form and seared his brain,
Till at length, on a bed of frozen ground,
With a pillow of stone, was the outcast found.

Found dead—dead and alone
On a pillow of stone in the roofless street—
Nobody heard his last faint moan,
Or knew when his sad heart ceased to beat.
No mourner lingered with tears and sighs,
But the stars looked down with loving eyes,
And the chill winds passed with a wailing sound
O'er the lonely spot where his form was found.

Found dead—yet not alone
There was somebody near, somebody near
To claim the wanderer as his own,
And find a home for the homeless here!
One, when every human door
Is closed to his children, scorned and poor,
Who opens the Heavenly portal wide,
Ah! God was near when the outcast died.

A CARD.

The subscriber, satisfied that his "Gift Enterprise" is perfectly honorable and legitimate, is determined to preserve the high character of his Jewelry, regardless of the imitations and flings of those whose copies (foul in thought and sold by the paltry sum which would have been paid for the printing of his advertisement.) He will continue to advertise in the respectable journals of the city, and those others convinced that his business does not expose him to the penalties imposed upon the violators of Sec. 173 Laws of 1855," or any other statute, as he knows of no statute forbidding a man who pays his debts from giving presents to his customers, for any body else. From Kansas.

NEW YORK, Dec. 4.

Abstracts from Kansas state that Gov. Shannon has telegraphed to the President on the condition of affairs in that territory. He says the 1800 men had arrived in Lawrence, where they had rescued a prisoner from the Sheriff of Douglas county, and burned houses and property. He asks the President to order out the troops from Fort Leavenworth, to aid him in the execution of the laws.

Despatches received from Weston to-day state that an express had arrived there with startling news from Atchison. The free state people had taken possession of the territorial papers and an attack on the slave was anticipated. They had sent to Weston for armed men.

The National Intelligencer says the President has received a despatch yesterday from Gov. Shannon of Kansas endeavoring that civil war in that territory was actually threatened, and requesting prompt assistance from the Government. The President has ordered that troops be immediately despatched from the nearest posts to the scene of disturbance.

The following despatches, the substance of which has already been received by telegraph, are in the St. Louis papers of Saturday:—*Independence, 30th.* A messenger arrived at Shawnee Mission last night, who states that Marshall Jones had fifty-two men with him at Lecompton. Business is up at arms, drilling constantly and have five pieces of artillery. One cannon left this morning in the hands of Kansas men.

Westport, 30th. The outlaws in Douglas co. have burned a number of houses and driven a number of families of women and children to Missouri for refuge.

Latest accounts represent that the law and order people of the territory are rallying in large numbers to the assistance of the Sheriff of Douglas co. in the execution of the law. He has by this time an overwhelming force.

Sheriff Jones is acting as U. S. Deputy Marshal for Douglas and Johnson counties.

Another Massacre, 30th. The Marshal has a requisition from the Governor to arrest 42 men in Lawrence, and they refuse to deliver themselves up, and he calls for volunteers. The people say publicly that they will take Colonel Jones and hang both of them. They are drilling in open parade every day, and have five fine pieces of artillery. They openly bid defiance to the law.

Large numbers of the law breakers were seen crossing from Delaware and Leavenworth yesterday, going to Lawrence.

A member of the Legislature was from there yesterday morning for guns. We can only send them 20. Jones also sends for a wagon load of ammunition and for a company immediately.

The Invasion of Ireland.

A meeting of Delegates from the different Irish organizations in the United States and Canada is at present in session at Astor House. About 150 are in attendance and more expected. The object of the meeting is supposed to have reference to the movement on foot for the revolutionizing of Ireland, by means of an invasion from this country. Reporters are not admitted, and the proceedings are kept in private.

The Convention deny that they have any filibustering intentions, but claim to be a charitable organization. Robt. Tyler was chosen President. They will remain in session a week.

Wrecked.

RICHMOND, Dec. 4.

The bark Isabella arrived at New Orleans on Saturday, brings intelligence of the total loss of the ship America, Capt Berry of Baltimore, bound from Trapani with a cargo of salt to New Orleans. The wreck occurred in Gibraltar Bay, on the 18th Oct. Crew saved.

Two Steamers Burned.

CINCINNATI, Dec. 4.

At Memphis this morning, the steamer Collier took fire, and was, with her cargo, totally consumed. The steamer Mayflower, lying at the wharf and the boat of Duvall & Co. took fire from the Collier and were also totally destroyed with their cargoes.

Grocers' Bank, Boston.

BOSTON, Dec. 4.

Judge Merrick, of the Supreme Court, to-day continued the injunction on the Grocers' Bank, until the 7th January, when another hearing will take place. In the meantime all property of the bank is placed in charge of Messrs. Warren Slade and Straw, who are empowered to return private property in possession of the bank, redeem securities, and act for the best benefit of the parties interested.

A MARVELLOUS REMEDY

For a Marvellous Age!

HOLLOWAY'S OINTMENT!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies.—Through these this Ointment, when rubbed on the skin, is carried to any organ of inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passed through bone or meat of any kind.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scrofulous Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. Sycase of Salt Rheum, Scurvy, Sore Head, Scrotum, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons, now rely solely on the use of this wonderful Ointment, when trying to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has by command of the Allied Governments, despatched to the hospitals of the East, large quantities of this Ointment, to be used under the direction of the Medical Staff in the worst cases of wounds. It will cure any ulcer, gland, or swelling, stiffness of contraction of the joints, even of 20 years standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured by the Ointment, be well rubbed in over the parts affected, and by diligently following the printed directions around each Pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles,	Sprains,	
Burns,	Rheumatism,	Scalds,	
Chapped Hands	Salt Rheum	Stiff Glands,	
Chilblains	Skin Diseases	Stiff Joints,	
Fistulas	Sore Legs	Ulcers	
Gout,	Sore Throats	Venereal Sores	
Lumbago,	Sore Heads,	Wounds of all	
Mercurial Eruptions	Scrofula,	Kinds.

KENNEDY'S

MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a running sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of boils.

Two bottles are warranted to cure the worst cankers in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Dyspepsia.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches on the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate case of Salt Rheum.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day but that a common weed growing upon the pastures, and along old stone walls should cure every humor in the system; yet it is now a fact well known. If you have a humor in your blood, try it. There are no ifs nor ands about it, nothing to be sold but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children at four old, to old people of sixty; and has seen many looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and deafness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy; but where there is any derangement of the functions of nature, it will cause very unusual feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

TESTIMONY FROM MAINE

Capt. Daniel Abbott, of Brooklin, Maine, July 16, 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place. Whenever you should be in Boston agency, as you could sell large quantities of it.

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and under breast. From reading a number of cures performed by "Hoofland's German Bitters," I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken but a few days when she began to improve, and now, after taking *one bottle*, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and storekeepers generally—and by J. S. Ingraham, Bangor; W. B. Morrell, Dexter; E. E. Fiske, Lincoln.

Radway's Regulators.

The Third Great Medical Discovery of Radway & Co.

ONE REGULATOR is sufficient to regulate the Bowels, Liver and Pancreas, in a healthy discharge of their functions.

Two will insure a pleasant discharge from the Bowels, at a regular period of time every day.

Two will surely purge thoroughly all corrupt and acrimonious humors from the alimentary canal

Important to Pill Takers.

Every one who is in the habit of taking pills will find RADWAY'S REGULATOR the most pleasant, safe, and effectual regulator of the Bowels, Liver, Pancreas, and the best *Aperient Purifier of the Blood* in use.

One of *Radway's Regulators* is superior, in point of medical strength and efficacy, to six of the most popular and best approved cathartic pills.

Radway's Regulator.

Radway's Regulators are most carefully prepared from extracts and gums of trees, plants, roots and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and effectually as the R. R. REGULATORS No pills can be taken for any length of time with the same safety to the constitution, for, instead of debilitating the system, by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

Regulators vs. Pills.

We are continually asked, What is the difference between Radway's Regulators and ordinary pills?

We answer that pills, as they are ordinarily prepared and sold by different manufacturers, are generally of two kinds—those which operate on the bowels merely, called purgative pills, and those which excite the secretion of the liver, and are called the cartal or liver pills. Radway's Regulators to enable pills mostly in shape, but differ in every other characteristic. They act not only on the bowels, but on the liver, skin pancreas, and kidneys, regulating each organ to a healthy action. They are not drastic, and never give pain as most purgative pills do: they stimulate the liver without endangering the patient with salivation, as mercurial pills do: containing no mineral in their composition, they are harmless when used for a length of time. They are tasteless; being enveloped in an elegant coating of gum.

Price 25 cents per box. Sold by druggists.

As a Family Physic

RADWAY'S REGULATORS are the most innocent, safe, mild and pleasant pills in use. They are a quick and certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder.

Female Complaints.

Leucorrhœa, Fluor Albus, Whites and Irregularities of all kinds.

Bilious Diseases.

Bile on the stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

R. R. R. REMEDIES are sold by Druggists everywhere.

For great cures performed in a short time by R. R. Relief, see next weeks paper. R. R. R. Remedies act quick—the moment they are taken or applied their health-relieving efficacy is experienced.
